

## Home, Office, Business Network Installation

Networking installations, Network Setup, and Network troubleshooting is what we do best.

Home Networks, Small Business Networks, Corporate Networks. Give Western Michigan IT PROS a call today. We can configure different networks and computer systems to:

Share the Internet, printers, and files from anywhere in your home or office. We can also install a secure wireless network. An WMITPRO Computer Tech will come to your location and set up or troubleshoot a two-device wired or wireless network.

Sample devices include:

- A computer
- Access point
- Print server

Let us know how we can help you setup your home or office network.

Serving Grand Rapids, MI. West Michigan and the surrounding area: Lansing, Kalamazoo, Holland, and Grand Haven.
