

## Vista Configuration

Get the benefits of Family Security Configuration, Optimization and 30 Minutes of Vista Training in one service and save!

An Agent will:

- Set up user accounts
- Configure Internet security, game ratings, time of use parameters
- Block specific Internet sites to protect your children
- Adjust your computer's system settings for a faster and smoother performance
- Update your PC with the most recent updates to guard against security threats
- Clean up your hard drive
- Configure up to 10 gadgets
- Clean up your desktop (icon) and trial software
- Answer your Vista questions
- Demonstrate basic navigation
- Show key features such as gadgets, Aero, Readyboost, data backup and search
- Customize your Vista settings for you

This service is for Windows Vista® only. Hardware or software is not included.
